

# Project Brief

*S.R. 68 (Redwood Rd.); Saratoga Springs to Bangerter*

**2007 Legislative  
Update**

**Provided By:**

## **Project Description: STUDY, Roadway Widening and Reconstruction, Cross Regional**

This is a cross-regional project with Region 3 and the lead. UDOT is conducting an environmental study for improvements to S.R. 68 (Redwood Road) from Bangerter Highway through Saratoga Springs.

The study is examining ways to improve this section of S.R. 68 to address future capacity needs, ensure a safe transportation facility, and improve the roadway to meet current design standards. The study will document the need for the project, consider project alternatives and design options, and evaluate potential impacts to the natural and built environment along with mitigation measures. The Scoping phase is complete and we are now looking at design alternatives.

### **Anticipated Schedule:**

*Winter, Spring, Summer 2007*

- Prepare Environmental Assessment (environmental study)
- Hold a public hearing
- Gather public comments
- Complete the EA
- Finalize the decision document

**Commission  
Approved Budget:**  
\$42 million

**Anticipated  
Schedule:**  
Study Complete –  
Summer 2007
